Cities Partner to Strengthen Resources and Operations

January 25, 2012 – Odessa Fire / Rescue and the City of Midland Fire Department will begin partnering together on Thursday, January 26, for a twelve hour training drill.

During this time, Odessa will send a crew and engine to Midland and Midland will send a crew and engine to Odessa. The partnership will allow for firefighters to be able to become familiar with the other departments operation as well as strengthen the resources between the two cities.

Many times the two departments have experienced the need to work together in emergency situations and this training will strengthen the partnership between the two departments in such situations.

For more information please call John Alvarez, Assistant Fire Chief, at 432.257.0502.
